Frequently Asked Questions

How do I pay for my membership?

Our secure online portal accepts all major credit cards. Other options may be available in our office.

When does my membership become effective?

After signing up, your membership is effective immediately. No waiting period! Simply call our office to schedule an appointment when you are ready.

Once I am a member, what's next?

Call our office to schedule an appointment for yourself and your family members. It's that simple!

Tell me more about these treatment discounts – how does it all work?

With insurance, patients are responsible for a certain percentage of restorative procedures (fillings, crowns, cosmetic dentistry, dental implants, and other treatments). Our plan works similarly – the membership covers preventive care, and we discount restorative treatments – but it's better. There are no caps, no maximums, and no insurance company getting in the way of your oral health.

Am I able to cancel my membership without penalty?

Yes. However, if you cancel within 90 days of enrolling, you'll be responsible for the difference between membership fees paid and the cost of services received.

Can I add family members to my account?

Yes! You can add family members when you enroll in the membership plan, or at any time after.

Can I pay for an entire year at once?

Yes! Membership plans are offered at a monthly fee or yearly fee. Patients who pre-pay a year in advance may be eligible for a discount.

What information is required to sign up?

Your full name, phone number, email address, and date of birth are required when signing up for our membership plan.

****This Dental Membership Plan is NOT dental insurance; it is a membership program for prepaid dental services offered by your dentist. The Plan and any discounts included do not cover procedures performed outside of our practice.**
